

Strickly Hockey Camp – 2021

The dates for this year's camp are:

- Week 1: August 22nd to August 26th (Sunday to Thursday)
- Week 2: August 29th to September 2nd (Sunday to Thursday)

Cost: One week - \$300.00

Two weeks - \$525.00

We will be offering on ice only camp. Off ice program will not be offered due to uncertainty and conflicts with some Covid 19 protocols. We will be allocating 2 hours of ice time per group each day. Kids will be dropped off 15min before on ice starts to get ready and picked up right after ice time is done.

We will be doing first hour and 15 minutes as skill development session. Then we will have short break to resurface ice, if needed, and have a scrimmage game of hockey.

Each child will receive a hockey jersey and games will be monitored by us to provide kids with instruction during and between shifts in the games.

There are only limited spaces for each group so register ASAP to ensure you get an available spot.

We believe in offering kids an opportunity to work on skills that will help them advance in their hockey paths. We have a proven history of more than 25 yrs. of producing high end skaters and hockey players in this region.

We hope to help each child in improving their skills by instructing them with proper techniques and drills that work. We believe in our methods and feel we can make an impact on players skill development.

All ages can apply to get into camp and will be split into groups that will give everyone the best chance to achieve positive results from attending.

We will confirm by email your registration has been received.

Thanks and look forward to hearing from you!

Mark and Juan
